On the Railway platform
My looks are ground
My thoughts are in eternity
I am waiting for my life train
I need co-passenger for travel
Trains are coming and going
Passengers are traveling
My clothes are wet in the rain falling
My heart also the same thing
Everyone observing me
I am also observing my life
I have vacant seat besides me
I have vacant in my heart
I have defeated by fate
I have lost my life
I need new life with Wife
My life started on this bench
I hope not ends on this bench.

SEARCHED LOVE

I searched my love in her eyes
She searched tears in my eyes

My tears are dried
One eye closing permanently
Other one watching the death
Why this is happen?
She thrown my heart in to dustbin
I thrown my life in to death

Where is Love?
Love is in my thoughts
I want to hug my heart;

My heart was died.

THINKING

I am thinking on the
Apex of Mount Everest,
“Where is my life?”
I noticed that
I lost that in valley of mount,
If I reach my life,
I can loose my present,
I am alone in this place,
I am talking my self,
“Where are you?”
“Where you reached?”
I shouted loudly
“Is there any body for my self?”
“I am here”
Answer came
From the lord God,
“Wait”

Your choose one
To share your life.

I am waiting for you.

alone in life
always alone in life
no time for cry
no time for laugh
no time for love
no time for affection
time passing and passing

where is life?
where is life!
is this life?
sleeps and lives under the tree?
That tree is real home
That tree is real friend and partner
Fate acted friendship
Fate acted love and affection
even though lives.
